

12/04/24 Job offer – Chief Medical Officer & Researcher

Last January 2024, a spin-off of SIMC-Swiss International Medical Center SA www.swissimc.com DiverSSiTy SA www.diverssity.io was created in Sion (Valais).

The DiversSiTy project is carried out by a multidisciplinary medical and therapists team aiming to integrate advances in AI and Machine Learning into the field of mental health, specifically for Autism Spectrum Disorder (ASD) and for ADHD (Attention Deficit Disorder w/wt Hyperactivity).

Our Research-based innovation solution combines spatial computing with special sensors & ASD expertise to assist clinicians in personalizing care.

The value proposition, using MR technology, will be cost-effective for the health system and provide a positive impact on the daily lives of thousands of ASD teenagers.

1. The Search

We are searching for a **Chief Medical Officer (CMO) & Researcher** specialized in ASD teenager diagnostics to lead the medical team and participate in the creation of high-tech diagnostic tools and solutions for doctors and therapists.

Applicants should be interested in working in an interdisciplinary environment at the interface of e-health and deep tech. The CMO will be partnering with the CEO and Lead Therapy to influence the Medical research-based pipeline of innovation.

Applicant should demonstrate enthusiasm about immersive technologies and be ready to promote it within his/her Swiss and International Medical Community.

Having an existing patient base and neuropsychiatric practice is a plus.

2. Professional requirement

FMH Child Psychiatrist or Pediatrician.

Actual of former Researcher in ASD biomarkers and Digital Therapeutics. Willing to continue or be engaged in medical research. Ideally Associate with a University Hospital.

Willing to integrate a very dynamic and ambitious early-stage start-up team.

3. Condition

Percentage of employment flexible, minimum of 20%.

Employment agreement or mandate.

Expected entry date: ASAP, ideally May 2024.

4. Application
